Activities related to the children

Celebration of Pavan's Birthday

We hope you remember our most play full child Pavan. We got an opportunity to celebrate his Birthday and this was the first time the kids celebrated his birthday.

We would like to thank all our supporters who participated on this occasion .

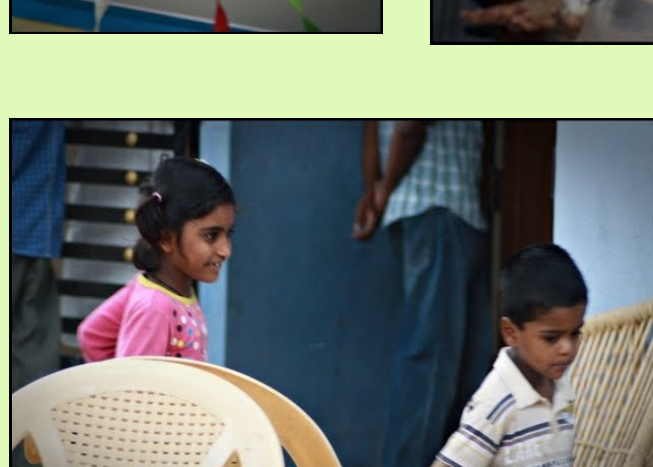

Activities by volunteers from Timken

We would like to thank our volunteers and supporters from Timken who had come to Abilashrayam, decorated the entire place and took everyone for a surprise.

The team also conducted many play activities, games and gave many prizes to the children who won the competitions.

Point to note : All children won one or the other competition and the team made sure all the kids were happy.

Chiropractic treatment by Dr Yogi

Dr Yogi is a Doctor in the US specialized in Chiropractic Treatment. He visited India in this month to treat the children of different NGOs.

In the process he selected our organization as well and gave the treatment to our children and staff.

We would like thank Dr Yogi for his treatment and wonderful time at our place.
